Overview

HeinOnline is an online service that provides US, international, Canadian, UK and other law publications: journals, treaties, constitutions, United Nations material, classic treatises, the *Index to Foreign Legal Periodicals*, legislation and more.

On-site access to HeinOnline is available at IALS Library, Senate House Library, SAS and University of London law departments. Connect via IALS Library's Law Databases page:-

Remote access is available to holders of current IALS Library, SAS or Senate House Library cards if they are: IALS/SAS staff, fellows or students; University of London law staff or students; or academic members of Senate House Library. Log on via the IALS [databases page](#), selecting 'remote access'.

Onsite access through the IALS account is available at IALS, SAS and Senate House Library, and in University of London law departments.

Browsing a database

The available databases – for example, Law Journal Library - are listed on the HeinOnline home page.

Select a database, then browse by title or other criteria:-

The screenshot shows the HeinOnline interface for the Law Journal Library. At the top, there are navigation tabs for 'Full Text', 'Citation', 'Catalog', and 'Case Law'. A search bar is present with the text 'Search Law Journal Library...'. Below the search bar, there are links for 'Advanced Search' and 'Search Help'. The main content area is titled 'Collections > Law Journal Library'. A red circle highlights the 'Browse by:' section, which includes the following options: 'All Titles', 'State (U.S.)', 'Country', 'Subject', and 'Most-Cited'. Below this, there is a list of journals with their respective volume information:

Journal Title	Volume Information
AALL Spectrum	Vols. 1-19 (1996-2015)
ABA Journal	Full Text: Vols. 1-98 (1915-2011); American Bar Association Journal Indexed: Vols. 1-101#8 (1915-2011)
ABA Journal of Affordable Housing & Community Development Law See: Journal of Affordable Housing and Community Development Law	Full Text: Vols. 1-21 (1991-2011); Journal of Affordable Housing & Community Development Law Indexed: Vols. 1-23 (1991-2011)

Browsing HeinOnline's Law Journal Library

To read a journal, click on its title, choose a volume, then drill down to a specific article using the Table of Contents (circled below).

To move through a volume or article, click on the arrows at the top of the page, or use the page number drop-down menu.

Searching

Start typing search terms and select a key word ('Just search for:'), author, title, or citation search, or to search the contents list of the entire HeinOnline service (the 'Catalog').

To restrict your search to a specific HeinOnline database – for example, the Word Treaty Library - select the database from the home page before searching.

To search two or more databases, click on the 'All Databases' drop-down menu (to the right of the search box) and select as required.

An Advanced Search facility is available via a link below the main search box.

Tips for searching

HeinOnline only recognises connectors in upper case, for example:

arbitration AND evidence

employment OR labor OR labour

Phrases should be in double quotation marks, for example, **“regional custom”**.

To find variations of a word, truncate it using an asterisk: **bank*** finds *bank*, *banks*, *banker*, *bankers*, *banking*, *bankrupt*, et cetera.

To find documents in which your search terms appear close together, connect them with **/s**, **/p** or **/#**, for example:

regulation /s banking (finds search terms in the same sentence)

regulation /p banking (finds search terms in the same paragraph)

regulation /20 banking (finds search terms within 20 words of each other)

Alternatively, select Advanced Search and change the ‘AND’ connector to a proximity connector, e.g. ‘Within 10’, ‘Within 25’. You will also need to change the second field label to ‘Full Text’.

The screenshot shows the 'Search HeinOnline' interface. It includes a search box with the text 'banking' and a second search box with 'regulation'. To the right of the search boxes is a dropdown menu for proximity connectors. The dropdown is currently set to 'Within 10' and is open, showing options: 'AND', 'OR', 'NOT', 'Within 5', 'Within 10' (highlighted), and 'Within 25'. A red arrow points to the 'Within 10' option.

Proximity searching on the Advanced Search page

Further information about searching is available if you click on ‘Search Help’, underneath the Search box on the home page.
